

# “Reduce your Stress by Outsourcing to Quest”!

## **Are you getting the maximum *reimbursement* from your insurance contracts?**

Can you answer yes to any of the following questions? If so give us a call today for a free analysis!

- Tired of writing off unpaid claims because of credentialing issues?
- Are you aware of how many claims are being written off?
- Seeing patients, providing stellar care and then receiving payments at the “non-par” rate because the physician and/or location are not credentialed correctly?
- Receiving payments that are below your costs because the insurer rates are too low?

Simply put, we keep your office operating and work with you to increase your payment base. You give us your list of participating insurers (including all provider numbers) and we validate the information, identify and correct any problems. We complete all forms you need completed, track whatever applications need to be tracked.

Our system is designed to make the complicated...simple.

Some of our credentialing services include:

- Maintain your date sensitive documents such as licenses, malpractice insurance, hospital privileges, DEA, etc. & sending new copies to insurance companies and facilities as needed
- Complete new insurance network credentialing applications for insurance companies that participate with CAQH (after you have a completed CAQH profile)
- Complete re-credentialing applications that you receive during your subscription period\*
- Updates to Medicare credentialing records as needed
- Providing quarterly updates to your CAQH file so that your participation with commercial carriers is uninterrupted
- Serve as your primary point of contact for credentialing issues for insurance companies and hospitals
- Credentialing staff with extensive experience in working with Medicare, Medicaid, and commercial insurance enrollment
